

# Statewide Policies/Significant General Permits

31-Oct-12

[http://waternet/dwq/policies\\_permits/](http://waternet/dwq/policies_permits/)

White = Active effort (A)
Orange= Targeted for completion in 2012 (A-12)
Lavender = Targeted for completion in 2013 (A-13)
Green = Targeted for completion in 2014 (A-14)
Blue = Completed 2012, 2011, 2010 (C2012, C2011, C2010)
Gray = Suspended or No statewide effort at this time or
Note: * indicates Board Priority

Status Code	Policy/Significant General Permit	Status	Statewide Collaborative Project	Lead Staff (SB=DWQ unless otherwise indicated)	Active Participants
P	Antidegradation Policy / Implementation Triennial Review	(updated: 2012-08-22) Scoping meeting held on 11/17/08. Work delayed by petitions.	Yes		
A-12	Aquatic Pesticide General Permit: Weed Control, Aquatic Application	(updated: 2012-10-23) The public notice was published in newspapers and posted on website on July 6, 2012. A public hearing was held on August 7, 2012. Staff plans to present the draft permit to the State Water Board on December 4, 2012 for adoption consideration.	Yes	SB-Phil Isorena and Jenny Chen	
A-13	Bacterial Objectives for Inland Surface Waters	(updated: 2012-09-26) DWQ staff are preparing a draft policy and a staff report for public release targeted for late 2012. Staff anticipates being able to release a policy shortly after U.S. EPA releases the final updated bacteria criteria document which is now expected to be released no later than November 30, 2012.	Yes	SB-Stephanie Rose	R4, Basin Planning Roundtable
A-13	Biological Objectives Development	(updated: 2012-10-26) CEQA scoping meetings were held in early September. Written comments on the scoping document and alternatives were due on October 19th. The Scientific Review Panel met to review the draft final technical work on October 17th and 18th. They provided recommendations for finalizing the model for scoring biological assessment data and for setting thresholds for identifying whether water bodies are in good biological condition or not. Staff plan to present an information item about the technical work on this project for the State Water Board in January 2013.	Yes	SB(OIMA)-Karen Larsen	DWQ Standards, Region 6, Region 9
P	Blue Green Algae Action Levels	(updated: 2012-07-12) The State Water Board funded OEHHA to develop action Levels for Blue Green Algae toxins (Cyanotoxins) in water and fish. OEHHA completed a draft report, which was then submitted to peer review. The Peer Review was complete in 2011 and the Final Report was completed in May 2012. A possible next step is to adopt statewide objectives for cyanotoxins, pending management prioritization.	Yes	SB-Dominic Gregorio	
A-13	Cadmium Objective and Implementation Policy	(updated: 2012-08-06) New staff was hired in July 2012 to work on this project and is currently reviewing background information.	Yes	SB-Rik Rasmussen	
P	Chlorine Residual Objectives and Implementation	(updated: 2012-08-06) Scientific Peer review received. Report and policy will be revised as necessary to address peer review comments. Due to loss of key staff this project is currently on hold.	Yes	SB-Rik Rasmussen	
A	Composting Facilities Statewide General Order	(updated: 2012-10-29) The State Water Resources Control Board scheduled a public meeting on November 6, 2012 to consider adopting the draft Initial Study/Mitigated Negative Declaration and the proposed General Waste Discharge Requirements for the Discharge of Wastes at Compost Management Units. Due to the comments received on the draft IS/MND for the project, staff have pulled the item. Staff will meet with the parties who commented and then recommend how to proceed, including how to revise CEQA documentation.	Yes	SB-Leslie Graves	SB - Scott Couch
A-12	Constituents of Emerging Concern (CEC) in Aquatic Ecosystems	(updated: 2012-08-29) The State Water Board received a final report from the scientific advisory panel on April 27, 2012. Staff presented an information item on the report at the October 16, 2012, State Board Meeting. The report was partially funded by a grant from the State Water Board.	Yes	SB-Scott Couch, Gordon Innes	

A-13*	Draft WQCP update for San Joaquin River flows and southern Delta salinity objectives	(updated: 2012-09-04) Draft SED science chapter was released October 29, 2010. Workshop held on SED science chapter January 6 and 7, 2011. Additional scoping meeting held June 6, 2011. Final Draft Technical Appendices released for public review in February 2012. Informational session on economic impacts and hydropower impacts appendices held on March 20, 2012. Draft SED planned for release in fall of 2012 with a workshop in late fall/early winter. Draft plan amendment to be brought to the Board for consideration in early 2013.	Yes	SB(DWR)-Diane Riddle	SB (DWR) Bay Delta Unit, R5 Jerry Bruns
A	Grazing	(updated: 2012-10-24) The Water Boards have formed a work team to develop this project (titled Statewide Grazing Regulatory Action Project or Grazing RAP). The work team is under the lead of Region R6 with active participants from R1, R2, R3, R4, R5 and DWQ. The work team has been convened and meets monthly. At the November 2011 MCC meeting, the Grazing RAP workplan and schedule were approved by MCC. As part of the August 2012 update to MCC by the work team, MCC approved the Objectives/Problem Statement and the short summary of the work team's activities to date that will be posted on the NPS DWQ website (the first formal public outreach activity link is now active <a href="http://www.waterboards.ca.gov/water_issues/programs/nps/grap.shtml">http://www.waterboards.ca.gov/water_issues/programs/nps/grap.shtml</a> ) The work team is continuing its work on grazing implementation tools, and is planning its first stakeholder outreach meetings including developing a stakeholder survey to help focus the meetings. Prior to any of the outreach meetings, the work team plans to take a draft version of its proposal for regulating grazing on non-federal lands to MCC for review and comment.	Yes	R6-Cindy Wise	SB (DWQ), R1, R2, R3, R4, R5
A-13	Instream Flow Policy (AB 2121)	(updated: 2012-08-17) The Board adopted the Policy on May 4, 2010. The Division delivered the administrative record to OAL on August 11, 2010. OAL approved the administrative record in September 2010. The Division filed a Notice of Decision with the Secretary for Resources on September 28, 2010. The Alameda Superior Court set aside the Policy on August 9, 2012 for inadequate CEQA compliance. The Board must decide by the 2nd week of October to appeal the decision or vacate the Policy and correct the CEQA deficiencies.	No	SB(DWR)-Phil Crader	SB (DWR) K Washburn, K Niiya, (OCC) Dana H
A-13	Integrated Report Adoption (2012)	(updated: 2012-08-30) State Water Board Staff is developing the lines of evidence (LOEs) for the 2012 report. Regional Boards will then review the LOEs and make assessments recommendations. State Board staff will review Regional Board staff's recommendation before Regional Board Staff present their recommendations to their respective Boards for approval. Following approval by all Regional Boards, the State's Integrated Report will be presented to the State Water Board for approval before being sent USEPA. USEPA make the final approval decision on the Integrated Report and may change the State's recommendations.	Yes	SB-Syed Ali	
P	Listing Policy Update (Sediment Quality Objectives)	(updated: 2012-08-07) CEQA Scoping Meeting held on March 29, 2010. Comment period closed April 12, 2010. Delay due to loss of key staff. Staff has prepared amendment language to address the Sediment Quality Objectives component but further work is contingent on completion of the current 303(d) listing cycle.	Yes	SB-Rik Rasmussen, Mariela Carpio-Obeso	
P	Marina Permit	(updated: 2012-08-02) Permit is postponed while working with other agencies and Marina and Boating groups to develop interim approaches.	Yes	SB-Steve Fagundes	
P	Mercury Offset Policy	(updated: 2012-06-06) Partial economic analysis received from contractor (SAIC). No further contract funding available to complete economic analysis.	No		
A	Mercury TMDL (Reservoirs)	(updated: 2012-08-07) In March 2012, staff held CEQA Scoping meetings in Sacramento, Oakland, Riverside and Redding. Staff has developed a straw policy document for the reservoir TMDL and its implementation plan. The straw policy is currently under review by legal. Staff from regions 2 and 5 is working on a draft staff report (source analysis, linkage, targets, implementation plan) and CEQA analysis, and is coordinating efforts with the State Water Board team working on the methylmercury objectives project.	Yes	R5-Patrick Morris	
A	Methylmercury Objectives	(updated: 2012-07-30) Staff are working on a draft staff report and coordinating with efforts to develop statewide mercury TMDL.	Yes	SB-Paul Hann	

A	Natural Sources	(updated: 2012-06-06) A draft natural source issue paper has been submitted to the Basin Planning Roundtable for review and comment. Issues include recommendation for how to deal with designations where natural background exceeds the water quality objectives.	Yes	SB-Paul Hann	
A-13	Nonpoint Source (NPS) Implementation and Enforcement Policy Amendments	(updated: 2012-08-02) The NPS Implementation and Enforcement Policy (NPS Policy) is being updated at the direction of the SWRCB to preclude the use of prohibitions of waste discharge for addressing NPS discharges for those land uses (e.g.; irrigated lands) already covered under other regulatory mechanisms (e.g.; waivers of waste discharge requirements) for which discharger enrollment fees are being assessed. Recommended language to amend the NPS Policy has been provided to OCC for their consideration and comment.	Yes	Steve Fagundes	
A	Nutrient Numeric Endpoints Tools	(updated: 2012-08-29) A CEQA Scoping meeting was held on October 27, 2011. Staff is currently working with technical advisory groups to produce an implementation strategy document. U.S. EPA has contracted to have Nutrient Numeric Endpoint protocol updated with results of case studies and lessons learned. Technical aspects are to be peer reviewed by winter 2013.	Yes	SB-Steve Camacho	Nutrient State and Regional Technical Advisor
A-13*	Ocean Plan Amendment: Desal/brine provisions	(updated: 2012-10-30) State Water Board staff is working on amendments to the Water Quality Control Plans for Ocean Waters and Enclosed Bays and Estuaries to address Desalination Facilities and Brines Disposal. The amendment is currently envisioned to contain the following elements: (1) provisions to minimize adverse impacts to aquatic life associated with the intakes for desalination facilities; (2) a narrative water quality objective for salinity to ensure that brine discharges from desalination facilities and other sources do not cause adverse impacts; (3) implementation provisions. Scoping meeting took place on March 30, 2012, and several written comments were received by the April 6, 2012 deadline. The three scientific studies to support the amendments are complete. A Board workshop was held on August 22, 2012, where the results and recommendations from the three projects were presented. During the workshop the three lead scientists from the studies, environmental groups and industry participated. Staff is currently completing the first draft of the Staff Report/Substitute Environmental Document.	Yes	SB-Mariela Carpio-Obeso and Joanna Jensen	
P	Off-Highway Vehicle (OHV) WDRs/Waiver	(updated: 2012-06-05) Developing concepts for WDRs/waiver for OHVs at State Parks.	Yes		
A-13	Once-Through Cooling (316b) Policy Amendment	(updated: 2012-08-07) An amendment to change section 3(c), from State to Regional Board re-issuance of NPDES permits for existing Once-Through Cooling plants, is planned by staff, based on prioritization by management, for completion in early 2013.	Yes	SB-Mariela Carpio-Obeso and Phil Isorena	
P	Potable Water General Order	(updated: 2012-06-06) Not assigned due to higher priorities.	No		
A	Rapid Diagnostic Tests for Bacterial Indicators in Coastal Waters	(updated: 2012-06-06) This project is being coordinated by the Southern California Coastal Water Research Project (SCCWRP) in collaboration with the Water Boards. Results and lessons learned transmitted to U.S. EPA for consideration in national standards setting work for a new Rapid Method. The pilot demonstration that began in Orange County (2010) was partially repeated in Los Angeles County in summer 2011. The SCCWRP Task Force, with participants from the Water Boards, will be preparing a final results report in 2012.	Yes	SB-Mariela Carpio-Obeso, Michael Gjerde	
A-13	Recycled Water Policy Amendment - Constituents of Emerging Concern	(updated: 2012-09-27) Staff released a draft amendment to the Recycled Water Policy proposing monitoring requirements for constituents of emerging concern in recycled water on May 9, 2012. Written comments on the draft amendment were due on July 3, 2012. Concurrently with the public review, a scientific peer review was conducted on the draft amendment and the scientific advisory panel report with comments due on August 1, 2012. Comments from the peer reviewers and public are being reviewed. The amendment was discussed by the State Water Board on October 16, 2012. Staff intend to take it back to the State Water Board for action in January 2013.	Yes	SB-Scott Couch, Gordon Innes	

P	Russian River Frost Protection Regulation	(updated: 2012-10-02) On September 21, 2011, the State Water Board held a hearing during its Board Meeting to hear comments on the proposed adoption of the Russian River Frost Protection Regulation and the Draft Environmental Impact Report prepared in support of that proposed regulation. After hearing, the Board unanimously voted to adopt the proposed regulation with a minor edit and certified the draft EIR. The Board Resolution adopting the proposed regulation and certifying the draft EIR, also directs the Executive Director to prepare a Final Statement of Reasons with required responses to comments and submit the entire rulemaking documents to the Office of Administrative Law (OAL) for approval. OAL filed the regulation with Secretary of State on December 29, 2011 when it became effective. However, in January 2012, two lawsuits were filed against the regulation and the Mendocino County Superior Court issued an order that stayed the enforcement of the regulation. A court hearing was held in June 2012. On September 26, the court issued a decision invalidating the regulations.	Yes	SB(DWR)-John O'Hagan	SB(DWR)-Aaron Miller and Jim Kassel
A-12	Sanitary Sewer System (SSS) MRP Update	(updated: 2012-09-27) Staff have performed or are performing the following actions during this reporting period: (1) updated the MRP for anticipated re-issuance by the Executive Director in January 2013; (2) distributed the draft MRP to stakeholders (i.e., the SSS WDRs Data Review Committee participants) for review; and (3) held stakeholder meetings on August 28, 2012 at the City of Vacaville and August 30, 2012 at the Orange County Sanitation District. Follow-up written comments from stakeholders are due by October 2, 2012. Staff are reviewing and addressing stakeholder comments and will update the MRP accordingly. Staff will route the revised draft MRP through management for final review in November 2012 before re-issuance and concurrent implementation of the changes in CIWQS.	Yes	SB-Russell Norman	
A-13	Sediment Quality Objectives (SQOs) for Enclosed Bays and Estuaries: Phase II*	(updated: 2012-08-01) Phase II Human Health objectives are in progress. Training sessions for regional board implementation of SQOs being planned. A joint meeting of the advisory committee and the agency coordinating committee took place on May 24, 2012. Staff informed upper management through MCC presentation (July 27, 2012) about the different Tier I, II and III. Staff is working on the suggestions from advisory committee and the agency coordinating group.	Yes	SB-Mariela Carpio-Obeso and Chris Beegan	
A-13*	Storm Water Industrial General Permit	(updated: 2012-10-23) Released on January 28, 2011. Staff workshops held February 14 and 23, 2011. Additional on-line staff workshop scheduled for March 15, 2011. Public Hearing conducted on March 29, 2011. Permit was revised to address the comments received during 2011 and was noticed for public comment on July 18, 2012. The public comment period originally scheduled to close on September 21, 2012 has been extended to October 22, 2012. Staff workshops were held on August 8, 2012 in Diamond Bar and August 10, 2012 in Sacramento. A public hearing was held on October 17, 2012. Staff are responding to comments and concerns raised at the hearing, and expect to take the item back to the State Water Board for action in early 2013.	Yes	SB-Greg Gearheart	
A-12*	Storm Water MS4 Phase II Permit	(updated: 2012-08-29) The draft permit was revised to address comments received during 2011. The revised draft permit was noticed for public comment on May 21, 2012. Public comment period closed on July 23, 2012 and a Public Hearing was held on August 8, 2012. The revised draft permit will be presented to the State Water Board for consideration of adoption on December 5, 2012.	Yes	SB-Christine Sotelo and Eric Berntsen	
A	Storm Water Statewide Permitting (MS4 Phase 1)	(updated: 2012-06-06) Staff are meeting with stakeholders to determine how to improve statewide permitting consistency for Phase 1 Storm Water Permits. Options may include a statewide general permit, multi-region permit for coastal southern California or a standard permit template with standard conditions common to all MS4 Phase 1 permits. The workgroup anticipates it will complete the initial stages of this work by September 2012.	Yes	SB-Vicky Whitney	R2, R4, R5, R8, R9, CASQA, NRDC
P	Suction Dredge General Permit	(updated: 2012-08-06) Suspended indefinitely now that the suction dredging moratorium has been extended indefinitely. Senate Bill 1018 (ch. 39, stats. 2012) removed the previous date on which the existing suction dredging moratorium had been scheduled to end. Suction dredging, including the method known as "booming", continues to be prohibited within 100 yards of any California river, stream or lake (Fish & G. Code, § 5653 subd. (d)).	Yes	SB(DFA)-Liz Haven	

A-13	Timber Activities on National Forest System Lands	(updated: 2012-08-28) On December 16, 2011 the Board adopted a mitigated negative declaration for a Statewide Conditional Waiver for USFS, but did not adopt the Waiver. Since then alternatives have been developed including state-wide regulatory actions with the option of exempting certain Regional Boards where the activities do not currently exist. The next step will be a determination of these exempted Regional Boards in consultation with Regional Board AEOs. A new staff person has been hired as the project lead and to address other wildland issues (e.g., forestry and grazing). Individual State Water Board member briefings were scheduled for late August through early September 2012 to present the recommended alternative(s).	Yes	SB-Steve Fagundes and Nicholas Kunz	
P	Timber Activities on Non-federal Lands	(updated: 2012-08-02) Work with California Board of Forestry, Department of Forestry and Fire Protection, and Regional Water Boards. Work delayed pending the outcome of a petition.	Yes	SB-Steve Fagundes	
A-13	Toxicity Control Provisions for the SIP	(updated: 2012-09-26) In June, staff released for public review the revised policy and supporting documentation. A Board hearing was held on August 21, 2012, concurrent with the close of the public comment period. Staff is currently responding to the 59 comment letters received. Consideration for adoption is expected at January 2013 Board Meeting.	Yes	SB-Brian Ogg	
A-13*	Trash Policy	(updated: 2012-10-30) Statewide water quality control plans to be amended to include trash policy. CEQA Scoping Meetings held on October 7, 2010 in Rancho Cordova and October 14, 2010 in Chino. A Public Advisory Group (PAG) has been appointed to provide input to Water Board staff on the development of this policy. PAG met previously on July 26, 2011, August 30, 2011, October 12 and 13, 2011, May 22, 2012 and August 13, 2012. The draft Substitute Environmental Document has been prepared and provided to the PAG for review and comments. Staff expects to release the draft SED and amendments to statewide water quality control plans in December 2012.	Yes	SB-Mariela Carpio-Obeso and Emily Siegel	
A-13	Wastewater Discharges to Land (Revision to Order 97-10) General Order	(updated: 2012-09-05) The draft order and initial study were a topic of discussion at the August 2012 MCC. The permit writing team is waiting for comments from S/RB Management as well as the RB Program Managers and key participants. The comments are due back by September 21st. Then comments will be reviewed and discussed so that the final documents can be prepared for a presentation at the November WDR Roundtable and for a final legal review before public notice beginning about the first week of December.	Yes	SB-Scott Couch, Mary Serra	RB 1, RB 4, RB 5, RB 7
P	Water Effects Ratios	(updated: 2012-08-07) No staff assigned and pending completion of other priorities.	Yes		
A-13	Wetland Area Protection and Dredge and Fill Permitting Policy: Phase I	(updated: 2012-08-06) Phase 1 of the Wetland Area Protection and Dredge and Fill Permitting Policy (Policy/project) now includes all of the following elements: a wetland definition, a wetland delineation method, an assessment and monitoring framework, and supplemental dredge and fill procedures. This is a change from the project description in the 2011 Notice of Preparation (NOP) for the project Environmental Impact Report (EIR). The project description in the NOP included a wetland policy and dredge and fill regulations as separate elements. Now the Policy includes all elements with the addition of the dredge and fill procedures. On March 9, 2012, the draft Policy was posted for public informational purposes only at: <a href="http://www.waterboards.ca.gov/water_issues/programs/cwa401/wrapp.shtml">http://www.waterboards.ca.gov/water_issues/programs/cwa401/wrapp.shtml</a> Since all project elements will be addressed by the Policy, a Substitute Environmental Document (SED) was prepared instead of an EIR. Staff are currently revising the draft Substitute Environmental Document and also finalizing comments on the wetland definition peer review. The Policy and SED are scheduled for public release late in 2012. A public hearing will be scheduled during the 60-day public comment period.	Yes	SB-Bill Orme	R1, R2, R4, R5
A	Wetlands and Riparian Areas Policy: Phase II	(updated: 2012-08-02) With U.S. EPA grant funding, preliminary work has begun on Phase II. This work is focused on categorizing wetland beneficial uses.	Yes	SB-Bill Orme	
P	Wetlands and Riparian Areas Policy: Phase III	(updated: 2012-10-30) Pending completion of Phase II.	Yes	SB-Bill Orme	

## Completed Projects

Status Code	Policy/Significant General Permit	Status
C2012	Aquifer Storage and Recovery Statewide General WDRs	Adopted by the State Water Board on September 19, 2012.
C2012	Areas of Special Biological Significance (ASBS)	General exception adopted by the State Water Board on March 20, 2012, and the State Water Board made non-substantive edits to the exception in June 2012. Staff is now working with stakeholders on implementation and monitoring. A particular emphasis is being placed on organizing and approving regional monitoring programs on the southern, central and north coasts. In addition, staff is also reviewing waterfront management plans for those ASBS dischargers with piers and mooring fields.
C2012	UST LUFT Manual Update	(updated: 2012-06-08) The Leaking Underground Fuel Tank (LUFT) Manual is being updated to reflect the Low-Threat UST Case Closure Policy that was adopted by the Board on May 1, 2012. Targeted for completion in October 2012.
C2012	Ocean Plan Amendment: Marine Protected Areas and Water Quality Protection Areas	(updated: 2012-10-30) Draft amendment, draft SED, and public notice released January 12, 2012. The comment period ended April 18, 2012 and several comments were received. The public hearing was held on May 1, 2012. A Board workshop was held on August 22 in the afternoon. The written comment period ended on August 31, 2012. The State Water Board adopted the amendment on October 16, 2012. Staff is currently working on preparing the administrative record for submittal to OAL.
C2012	Ocean Plan Amendment: Model monitoring and vessel provisions	(updated: 2012-10-30) A Public Hearing was conducted on November 1, 2011. Changes to the draft Substitute Environmental Documentation and staff's proposed changes to the amendments were presented at the Board Workshop on August 22, 2012. The written comment period ended on August 31, 2012. The State Water Board adopted the amendment on October 16, 2012. Staff is currently working on preparing the administrative record for submittal to OAL.
C2012	Once-Through Cooling (316b) Policy Amendment	Staff released draft amendment on May 17, 2011. Amendments were adopted on July 19, 2011. OAL approved on March 12, 2012.
C2012	Onsite Waste Water Treatment Systems Policy	The Onsite Waste Water Treatment Systems Policy was adopted by the State Water Board On June 19, 2012. Staff are preparing the administrative records to send to the Office of Administrative Law (OAL) for approval. Staff are working on implementation of the policy.
C2012	Storm Water Caltrans Permit	The statewide NPDES permit for discharges by the California Department of Transportation of storm water from municipal separate storm sewer systems (MS4s) was reissued. This permit is commonly referred to as the Caltrans Permit. A public hearing was held on August 7, 2012. The State Water Board adopted the permit at its September 19, 2012 meeting along with minor revisions as proposed by staff. The new permit will take effect July 1, 2013.
C2012	UST Low-Threat Case Closure Policy	The Low-Threat UST Case Closure Policy was adopted by the State Water Board on May 1, 2012. OAL approved the administrative record on July 30, 2012. Staff are working on implementation of the policy.
C2012	Aquatic Pesticide General Permit <input type="checkbox"/> Vector Control	The State Water Board amended this permit on April 3, 2012.
C2012	Storm Water Construction General Permit Amendments (NELs removed)	Staff prepared an amendment to the State Water Board to delete narrative effluent limits to respond to a decision by Superior Court. The State Water Board adopted amendments to the Construction General Permit on July 17, 2012.
C2011	Aquatic Pesticide General Permit <input type="checkbox"/> Aquatic Animal Invasive Species	Adopted by State Water Board on March 1, 2011.
C2011	Aquatic Pesticide General Permit <input type="checkbox"/> Vector Control, (Adulticide/Larvicide)	Adopted by State Water Board on March 1, 2011.
C2011	Ocean Plan Triennial Review	Adopted by State Water Board on March 15, 2011.

C2011	Sediment Quality Objectives (SQOs) for Enclosed Bays and Estuaries: Fish and Wildlife	Adopted by State Water Board on April 6, 2011. Approved by the Office of Administrative Law on June 13, 2011. Staff has submitted to U.S. EPA.
C2011	Aquatic Pesticide General Permit <input type="checkbox"/> Spray Applications Permit (CDFA and USDA-Forest Services)	Adopted by State Water Board on March 1, 2011.
C2011	Storm Water MS4 Effectiveness Assessment Document (AB 739, Ch. 610, Statutes of 2007)	On October 27, 2010, staff issued a revised Notice of Staff Workshops and Opportunity for Public Comment on draft document. Workshops scheduled for November 4 in Sacramento and November 9 in Rancho Cucamonga. Comments were due 12:00 noon on November 30, 2010. Information Item presented to the Board on April 19, 2011.
C2011	Integrated Report Adoption (2010)	Board approved 303(d) list on August 4, 2010. Transmitted to U.S. EPA on October 13, 2010, and awaiting their approval. On October 11, 2011, U.S.EPA issued its final decision regarding the water bodies and pollutants added to the California 303(d) List.
C2011	Leaking Underground Fuel Tank (LUFT) Manual	The LUFT manual was drafted as a guidance document with state-of-the-art information on the cleanup of leaking UST sites. The LUFT manual is considered a draft/evergreen document that will be updated periodically in response to comments.
C2010	Once-Through Cooling (316b) Policy*	(updated: 2012-06-06) Approved by Office of Administrative Law (OAL) on September 27, 2010. Effective date October 1, 2010. Staff is working with stakeholders and state agencies on implementation.
C2010	Once-Through Cooling (316b) Policy Limited Revisions	(updated: 2012-06-05) Adoption Hearing held on December 14, 2010. No changes made to Policy.
C2010	South Bay Power Plant	(updated: 2012-06-05) Notice of Cancellation of Public Hearing issued on November 2, 2010 due to permit application withdrawal.
